UNIVERSTY OF TORONTO

CAMPUS EVENTS

CAMPUS EVENTS is a weekly bulletin for all summer students----------July 22,1963
Published by the Division of University Extension of the University of Toronto.

THE PRESIDENT'S LECTURE SERIES: "Shakespeare's Music on Stage" Mr. Louis Applebaum well-known conductor, and composer of the music for this year's Stratford Festival productions of "Troilus and Cressida" and "Cyrano de Bergerac" will discuss this topic in the second of this summer's President's Lecture Series. The talk will be illustrated by Mr. Applebaum at the piano along with several vocalists. This promises to be a most enjoyable lecture, and all students are urged to come. The lecture will take place at 12:00 noon in Convocation Hall

"FOUR TEACHERS" TO BE SHOWN AT C.C.E. TODAY: This stimulating movie, comparing the work of teachers in Japan, Puerto Rico, Poland, and Canada is to be shown tody, Monday, at 12:00 noon in the Auditorium of C.C.E. The film features the work of the teachers both in and out of the classroom, and is made more interesting and informative by Professor John Seely, who discusses the methods used by these teachers to adapt the learning to the temperment of the pupils.

RED CROSS BLOOD CLINIC: Tomorrow, Tuesday, The Red Cross will hold its annual summer Blood Donors' Clinic on campus. The drive will take place from 9:30-11:00 and from 12:30-3:30 in the Debates Room of Hart House. At this time of year, the need is particularly urgent, and the Red Cross is counting on our support.

TELY TOURS TO STRATFORD: Tomorrow, the shows are "The Comedy of Errors" and "The Mikado, and next week, "Troilus and Cressida" and "The Mikado". Your tickets for these all-expense Tuesday tours to Stratford should be ordered at the Information Centre, and picked up from the S.A.C. office after 1:00 on the day of the performance.

HART HOUSE - WEDNESDAY NIGHT: Get fed up with homework? Tired of studying for term tests? Why not come to a Hart House Wednesday Night. We're here every week, playing bridge, watching movies, dancing, listening to records, or just plain sitting. And from 9:00 - 10:30, the pool is open for mixed swimming. Think you can fit all that into one evening? We do! Why not try it, this Wednesday from 9:00-12:00, on the second floor of Hart House.

DUNCAN MACPHERSON TO BE INTERVIEWED ON THURSDAY: Do you read the Toronto Daily Star; or have you glanced at the editorial page? If so you will of course be familiar with the cartoons of Duncan MacPherson. This unusual personality will be interviewed this Thursday in the Hart House Quad by Prof. Marcus Long. The interview will take place from 12:00 to 1:00, and if you have intervening classes, feel free to come when you are able.

TOURTO DAVID DUNLAP OBSERVATORY: After many requests, we are once more sponsoring a tour to the Dunlap Observatory, this year on Thursday, August 1. The size of the group must be limited, so those who wish to go should immediately sign the lists posted in the information centre and at O.C.E. As the Observatory is in Richmond Hill, it will be necessary to arrange car-pools, so those with cars available should indicate this.

JOTTINGS: In the Benson Building Women's golf instruction takes place every Monday, Wednesday and Friday at 11:00, 12:00 and 1:00. Beginners are welcome at 1:00. Two men are needed to assist the Red Cross, with equipment on Tuesday at 8:30 & 3:30 for about one hour, and the pay is $2.00. See Mrs. Deane.

Monday	Tuesday	Wednesday	Thursday	Friday
12:00 Movie at C.C.E.	Blood Donors Clinic Stratford Excursion	12:00 President's Lecture 9:00 "Hart House-Wednesday Night"	12:00 Discussion-Interview with Duncan Macpherson
